Larry - I have reviewed the Notice of Intention for a small mine permit for the Fraction Load, Fraction Load 2, and Tuolumene Mines by Gold Rush Metals, LLC in Tooele County. They have requested the following :

- Total 5 acres of Ground disturbance-
- w/ 0.5 acre of road widening on BLM ground
- w/ 4.5 acres on Patented ground

This mine disturbance is on patented ground, which is accessed through BLM ground. The reclamation surety is determined to be \$30,200 until year 2016 or \$30,900 until year 2018, and the calculation is attached . Please send your concurrence via email. If you have any questions please call me at [801-538-5257](tel:801-538-5257)

Leslie,

I received an email from you guys on Feb 11, 2014, with the deficiency letter you sent to Mr. Rush. That's when we learned he was planning to operate on Dutch Mnt. I went out there on Feb 25th and spoke with him on site about his operation. We sent Mr. Rush a cert letter on March 11, 2014 asking for a plan to be submitted before he does any work greater than casual use, so I guess until we receive his plan and see what he is actually proposing to do, I wouldn't be able to concur on a bond amount.

As soon as I receive the plan I will get back to you on the concurrence.

Thanks.
